## EDITOR'S WORD

It has been a year since the world went silent. A year of living in fear and uncertainty. At this time last year, the morale was high. Palm Sunday, the Sunday every Amda member looks forward to, was coming up in a few weeks. The beautiful girls of Maryhill high school were going to animate it and it was going to be an Hossanna filled day.

Everything came to a sudden halt. Just like that. The world was facing a pandemic and Amda was not exempt. No more excitement. No more physical church. Everybody went into survival mode.

One year later, we have learned to live again, albeit differently. It is palm Sunday again. The Maryhill girls have prepared a whole new Hosanna. The ladies are privileged to be animating the first mass since the Lockdown was announced. We invite you to join us as we wave our palms and sing a new song of joy and gratitude to God for the gift of life.

In this bulletin, you will find messages from the Amda Chaplain, the Amda Chairperson, and the Headmistress of Maryhill High School. The Chairperson MOGA also has a package for all of us about the school. Don't miss guidance on covid 19 from our head of Health Council and a Sunday thought from our own Seminarian. The children are also covered in this bulletin.

Join us, let us turn the pages together as Jesus triumphantly enters Jerusalem and Amda resumes its monthly masses.

# CHAIRMAN'S WORD

Dr. Gaston Ampe,

AMDA CHAIRMAN

## Welcome back!

**O**n behalf of AMDA Executive Committee, I welcome you back to today's Eucharistic Celebration. It is exactly one year since we last met as a family! We thank God who has kept us alive up to this moment. Many of our friends and relatives have since passed on to eternity. Most of have either lost a friend, a relative or someone well known to us. We extend sympathy to all members who have lost their loved ones.

Despite the menacing pandemic, some of our members have registered significant achievements. There are some who have been promoted at their places of work while some have started new businesses. Some of our members have new babies while some AMDA youth have been able to wed or they have identified those they intend to marry. We heartily congratulate all of them.

In a special way, we congratulate all our members who have been elected to various political offices especially the elected members of parliament. We also congratulate all our members who managed to offer themselves to stand in various electoral areas. The experience gained will come in handy in the next round of elections.

As you already know, the advent of the Corona virus

pandemic and the resulting lockdown procedures halted most of our activities. Our AMDA mass has always been a rallying point for most of our activities. Therefore, some of our signature projects such as the construction at Rubaga have been at a standstill. It has not been possible to mobilize resources under the prevailing circumstances.

However, we are now ready to start from where we stopped. In this connection, AMDA recently received UGX 70,000,000 (Seventy million shillings) from the Office of the President. This was the balance of the earlier pledge of UGX 100,000,000. We sincerely thank the President of Uganda, Yoweri Kaguta Museveni Tibuhaburwa for this contribution. We appeal to all our partners and all of us members to resume our support to this project.

Despite the lockdown situation, there are some AMDA departments that continued

to operate. Notably the AMDA SACCO and the AMDA Bereavement Fund (ABF). At the recently concluded AMDA SACCO AGM, the members noted this group had experienced phenomenal growth and had reached a networth of UGX 1,300,000,000 (One billion three hundred million shillings). The SACCO managed to pay dividends of 10% of members' shares. This growth was unprecedented in the current circumstances. It was the same story in ABF.

ABF has continued to grow logarithmically and was able to stand with bereaved members despite the difficult situation of the lockdown. We thank the boards and management for working extra hard and members for continued patronage. As AMDA Exco, we are very much pleased with the progress of these two organizations. We implore all AMDA members to join these two organizations and enjoy

the excellent services offered.

We all also thank the AMDA Spiritual Council for sharing spiritual messages using the various online AMDA resources. Many of our members have benefited from the information given and the quizzes presented.

During the last extra ordinary meeting of AMDA Exco, it was observed that the current state of Rubaga home can allow holding of AMDA fellowships. In the coming weeks, the construction committee will meet and determine the basic requirements to be put in place to allow the place to be used. You will be informed in due course.

Allow us to heartily thank our lovely Old Girls of the mighty Maryhill High School for organizing today's Palm Sunday liturgy. Shortly before the lockdown, they had put in a lot of efforts to lead us in last year's Palm Sunday mass. All their plans were frustrated as the lockdown stopped them in their tracks. We thank God that a year later, they are still available to lead us. We shall add on your many titles and call you "resilient ladies".

We thank all the members who have managed to attend today's mass and wish you God's blessings.

**Gaston Ampe,**  
**AMDA Chairman.**

We thank God who has kept us alive up to this moment. Many of our friends and relatives have since passed on to eternity. Most of have either lost a friend, a relative or someone well known to us.

# WORD FROM THE MOGA CHAIRPERSON

Shallon Niwamanya

## MARYHILL HIGH SCHOOL

*"Holistic Education For The Girl Child Empowerment"*

# Domine Dirige Nos

The motto of Maryhill High school "Domine Dirige Nos" has been an inspirational anchor for all the ladies who have gone through the school. Translated to mean "Lord Guide us", this motto is a guide for all activities that are run by and in the school. By living up to this motto, all who have passed through Maryhill, those still here and those yet to come are expected to be a light of the nation on the hill.

Started in 1961 by the ladies of Mary (the Daughters of Mary and Joseph - DMJ) on the invitation of Rt. Rev. Bishop Jean-Marie Gaetan Ogez, Maryhill High School was started to promote education of the girl child in South Western Uganda. The school started in a humble way with a modest number of 25 girls, scanty infrastructure and a small number of staff. This mustard seed was baptized Mary and since it was towering on the hill, it prudently became Maryhill. The virtues of Mary; humility, prudence, honesty, faithfulness, and unity were inculcated in the girls right from the start. The establishment of the school has indeed enabled hundreds of ladies to attain high quality all round education.

Maryhill Old Girls Association (MOGA) was started in the early 1980s as a committee to repair the school after the war and eventually was constituted into an association to bring together Old

Girls. This association has indeed been a source of support for many Old Girls through its various activities and programs. The association also gives back to the school in terms of paying school dues for needy students, giving career guidance to students and contributing ideas to the school's running by having a representative on the school board of governors.

**The current executive committee of the association is here below:**

Last but definitely not least, I would like to extend our heartfelt thanks to the executive committee of AMDA for allowing us to lead this year's palm Sunday mass after our initial planning for animating the palm Sunday mass of 2020 was disorganized by the COVID-19 total lockdown. This day has brought us joy and warmth as a fraternity. We are also glad to contribute to the AMDA Rubaga project.

# Greetings from Maryhill High School community

*Blessings and greetings from Maryhill High School Community on this revered Sunday of the Passion of Lord in the Year 2021.*

**D**ear Family Members of the Archdiocese of Mbarara Development Association (**AMDA**), it's an honour for us as Maryhill High School Community in particular the Maryhill High School Old Girls Association (**MOGA**) to be requested to animate and celebrate Palm Sunday with you.

We take this request with great respect and reverence. We thank you heartily for the evangelization done by different AMDA Community Members in the different Parishes of Mbarara Archdiocese. We salute the AMDA Leadership for reconsidering the **MOGA** Fraternity to animate Mass, following the COVID-19 Pandemic Lockdown and specifically on the Passion Sunday of the Lord as originally planned for in 2020.

We stand with Mother Mary, the Patron of Maryhill High School under the Cross, in order to fully understand our salvation. As

we venerate the Cross of the Saviour, we ought to listen to him as he speaks **"Behold your Mother"** (John 19:25-27).

For Mother Mary, it is a second giving birth in the labours of the Cross to millions, including the AMDA Fraternity Members who are her children. **Lord thank you for entrusting Maryhill High School to a Mother!** On this Palm Sunday, filled by the Holy Spirit, the Disciples recognize the Cross as God's wisdom and centre of their proclamation. Lord send forth your Spirit and renew the face of the earth especially after the uncertainties of COVID-19 Pandemic.

The Christians in the greater Mbarara Archdiocese cherish the fruits of Maryhill High School Old Girls and the contributions of the AMDA Fraternity Members. As a School, we can pledge to continue praying for you as you complete the AMDA Project at Rubaga Hill - Kampala. Remain blessed in doing God's Will and Calling in his Vineyard.

Salutations and love from the Community at Maryhill High School comprising of the Foundation Body, Board of Governors, Parents, Staff and Students. We pray for continued success in all your endeavours and the Academic Works of our present Students' Body.

God bless you.

**Domine Dirige Nos.**

# TALES OF A MARYHILL OG

Hilda Karashani

I was a very social person for the years I spent at MHS and made good friends including the Head Girl at the time, Lydia Katabazi who was succeeded by May Bahizi.

Studying at Maryhill also opened the door to my siblings 3 of whom subsequently joined the school. Sr Felice the Headmistress at the time and our chaplain Fr. George Eeckhout were very good guides not to forget Mrs Bagambaki, Mrs Gamurorwa, Mrs Gasasiira, Mrs Tinkumanya, our Gaudy, our Matron and many other teachers to whom I am grateful.

## During our stay at MHS

Time keeping, Hard work, timely completion of school assignments and good Christian values were instilled in me while at Maryhill. Also the great importance of being structured right from keeping one's study plan, dorm cleanliness, and several fun activities and all properly balanced so that our school work did not suffer added value along

my development. On a lighter note, every OG will recall when we had to go to Jovoc or Ntare for dances, still we had to keep time to return to school before the gate closes. Short of that, trouble followed.

May God continue to bless and protect our school and the fruits of its trees.

Hilda Karashani

I grew up associating with Maryhill as a child. My dad was at the time the Headmaster of St Lawrence PS and my mum a teacher at St Helen PS so Maryhill was in our neighbourhood.

I was in Maryhill for my Hsc. from 1987-1989 at a time when my dad was the RDC of Mbarara and had been at the school to discipline students due to a strike the students had engaged themselves in. When I joined, the girls wanted to get hold of me and revenge. I think I disappointed them in some way because

# What is your duty in preventing COVID-19?

World over, effects of the COVID-19 pandemic are palpable. There has been a total of 122 million infections worldwide, with over 2.6 million deaths. In Uganda, we have so far recorded over 40,000 cases with 334 deaths.

At the start and during the heat of the pandemic, we had to stage prayers, to pray for, among many other things, the development of the COVID-19 vaccine. We thank the almighty God that through a consortium of efforts, the vaccines are already here; and as I write this, through the Grace of God, I have already received a shot of the painless AstraZeneca Vaccine on my left deltoid muscle. I have no pains, no backaches, and am going on with my duties normally.

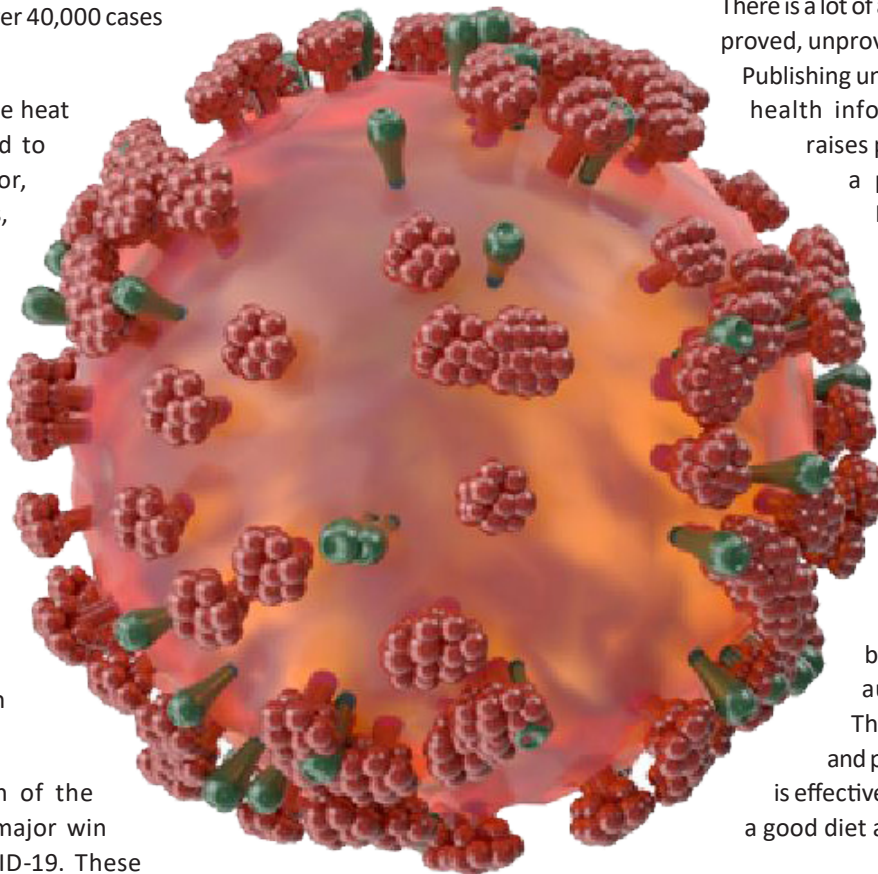

The recent introduction of the COVID-19 vaccines is a major win in the fight against COVID-19. These are currently being given out freely to people at high risk of infection like the health workers, or at a high risk of death, like the elderly.

A number of several public health measures have been put in place. These include, but are not limited to, use of masks, Handwashing/sanitizing, social-distancing, and avoiding touching the soft parts of the body, specifically the mouth eyes and nose.

At this stage of the pandemic, every individual has a duty, and a responsibility to protect himself/others; thereby stopping the propagation of this disease.

- Adhere to the Standard Operating Procedures. The song of SOPS has been sung far and wide, but adherence to the SOPS is under looked, even

amongst the elites, and the people who talk about, and promote their use. Actually, apart from use of masks (due to traditional and technical

issues), people in the villages have adhered well to social distancing and hand washing. It's your responsibility to ensure adherence of SOPs at your

workplace, homes, during travel, etc. You never know, someone can learn something from you.

- Avoid sharing unproved information. There is a lot of appetite to share news; proved, unproved, clear, unclear, etc. Publishing unclear and often wrong health information most often raises panic, and can worsen a public health crisis. It's a good practice to desist from sharing information that you are not sure of the source,
  - Take on Medical Advice seriously. Most often, authentic medical information is published by authorities, or authorized personnel; This is often researched and proven information that is effective. The Gold standard of a good diet and
- Given the chance, take the COVID-19 Vaccine. The COVID-19 vaccines are safe, effective, and can prevent severe illness and death. When you are presented with a chance to take the vaccine, which we prayed and fasted for, please take it.

We all have the responsibility to keep our bodies free and safe from all diseases. For, it is written in 1 Cor 6:19 that our bodies are temples of the Lord, and the Holy spirit dwells therein. Carelessly subjecting our selves and our colleagues to dangerous diseases like COVID-19, is against the will of God. We all have a God given duty to protect ourselves and our colleagues from harmful infectious agents.

**Dr. Criscent Tumuhaise**

**Given the chance, take the COVID-19 Vaccine. The COVID-19 vaccines are safe, effective, and can prevent severe illness and death.**

# CAESAR'S SUNDAY THOUGHT

## Use your gifts to benefit others

**W**ith all the numerous gifts that women possess, and with their expressive nature that makes these gifts shine forth, it is not news that they have been downtrodden throughout history. Even though society counts on these same gifts for its progress, somehow, it still treats their possessors as second-rate citizens. Most times, this is overt (and so, simple to notice and combat). There are also covert and subtle ways which we may not even notice. They're held to a higher

moral standard. Traditional grammar tries to distinguish whether the professional is male or female. Behind every successful man is a great woman! When they get what's due to them (or when they demand for it), we shout about it as if it were a favour! They demand equal opportunities; we give them affirmative action.

Many women will fight back, with some exceptional daughters of the Kingdom at the helm. They will try to take their place at the table. Force agents, and agents of deception, may use this as a pretext to blind people against things that ACTUALLY rob them of their true dignity. As some pledge allegiance to the common good, others side with the promotion of hedonism, the decimation of society, and equating freedom with licence. The misrepresentation of the Master by some disciples must never be an excuse for other followers (or subjects!)

to disregard the Master's directives. The practical denial by those disciples who verbally profess loyalty shouldn't mislead us into withholding our own loyalty. Instead of spending time on the naysayers with their fickleness and cowardice, we could choose to simply soldier on, not only to minister the fragrance of our gifts, but also to apply all the spices within our reach to preserve our world in good condition.

We can, and should, demand for such a platform without necessarily appealing to any feelings of sympathy (such as by fronting apparent weakness). Not only shall we minister to a broken and bruised world, but maybe, just maybe, we'll be the ones to announce its healing (if we consistently remain in the presence of the Maker, whose work is Beauty).

May Jesus Christ grant us the grace to stay true to God, and to honour the inherent dignity in every person.

**JULIUS CAESAR KAMUKAMA**

Instead of spending time on the naysayers with their fickleness and cowardice, we could choose to simply soldier on, not only to minister the fragrance of our gifts, but also to apply all the spices within our reach.

1.All hail the power of Jesus' name

Let angels prostrate fall (2)

Bring forth the royal diadem

And crown him Lord of all.

2.Ye seed of Isreal's chosen race,  
He ransomed from the fall (2)  
Hail him who saves you by his grace

**And cro-----wn him Lord of all.**

3.Let every kindred, let every tribe,  
On this terrestrial ball (2)  
To him all majesty ascribe

**And cro-----wn him Lord of all.**

4. O that with yonder sacred throng,  
We at his feet may fall (2)  
Join in the everlasting song

**And cro-----wn him Lord of all.**
