

# Survey Report

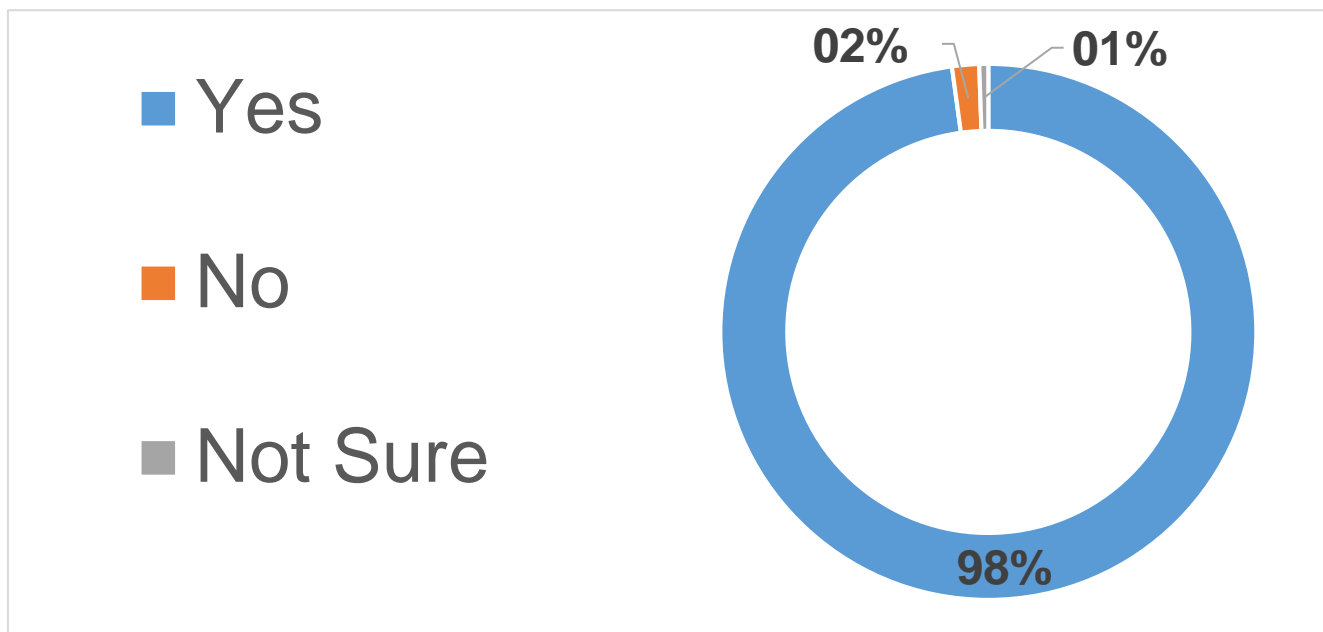

## On whether AMDA should adopt a 7th Pillar "Environmental Protection"

# Executive Summary

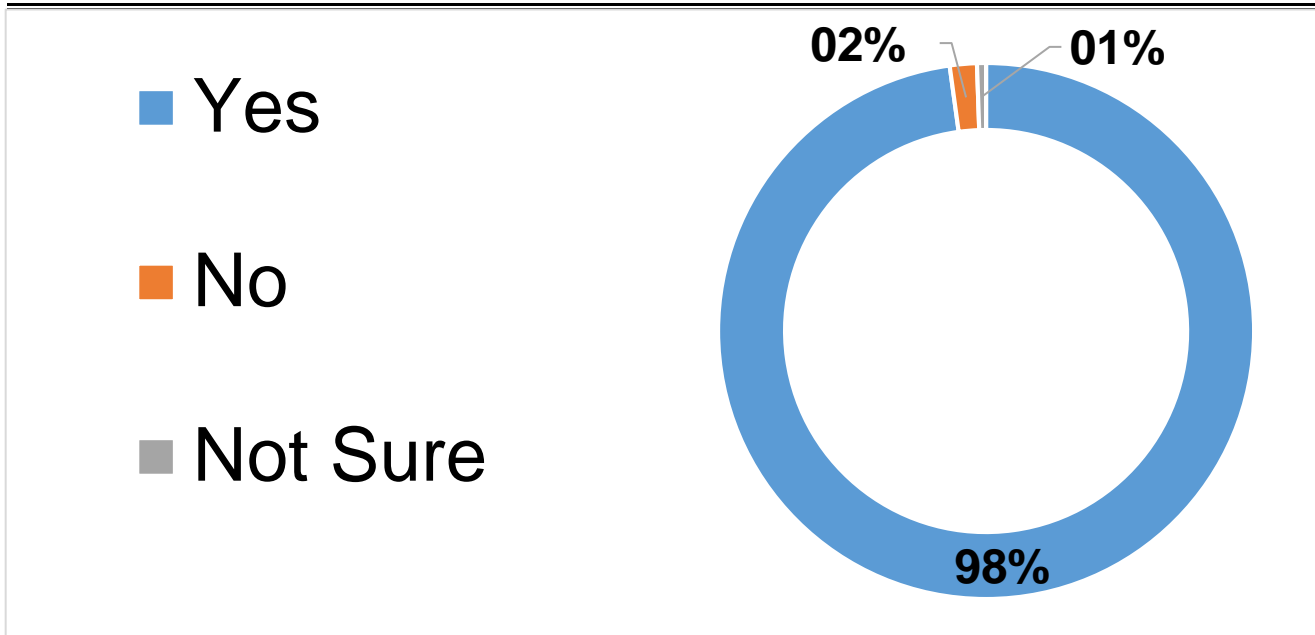

1. **Archdiocese of Mbarara Development Association (AMDA)** has always been anchored on **06 Pillars** (the famous '06 Pillars of AMDA'), namely (in no particular order);
  - **Unity**
  - **Spiritual Development**
  - **Education Development**
  - **Economic Empowerment**
  - **Leadership Development**
  - **Health**
2. In June 2015, His Holiness Pope Francis authored an Encyclical about Climate Change and the need for Christians to seriously consider taking care of *Mother Earth*.
3. In response to the above call from His Holiness the Pope, the Executive Committee of AMDA sought to add a 7th Pillar on top of AMDA's traditional 06 Pillars listed in No. 1 above. However, as this addition would be a fundamental alteration of AMDA's ideology, it necessitated first consulting the AMDA wider membership to get their views about htis matter.
4. On **Thursday, September 5, 2019**, the **AMDA Secretariat** in conjunction with **Ardenfield Certified Public Accountants** commissioned a survey to consult the AMDA members about this major addition to AMDA's Pillars. A sample of atleast 100 members was target. Overall, up to **184 members** participated in the Survey and enclosed herein are results therefrom, but herebelow is the Summary:

## Should we add a 7th Pillar to AMDA's original 06 Pillars?

## Reasons for "No" or "Not Sure" Responses

Respondent	AMDA Family	Should we have a 7th Pillar?	Reason for your answer?
RESP099	St. Jude Kisaasi	No	<i>You are taking on too much. First deal with the pillars so far and do an assessment of your set targets before you bring in another pillar.</i>
RESP130	St. Joseph's Nansana	Not Sure	<i>[No reason was given]</i>
RESP141	Not belonging to any family yet	No	<i>The proposed pillar can be a unit under the Economic Empowerment &amp; Health Pillars.</i>
RESP162	St. Jude Kisaasi	No	<i>When you do a deep dive into the underlying causes of environmental degradation, they are mainly economical. Instead of creating a separate pillar for Environmental Protection, I suggest that we invest our small resources in integrating the environmental issues under <b>ecological*</b> empowerment pillar. As you know, we are already stretched so let us not spread so thin.</i>

\*Most likely the Respondent meant "Economic Empowerment" not Ecological
